September 2024

Dear Sir or Madam,

**Introducing Our Expanded Range of City Technology Gas Sensors
now including Nitric Oxide and Nitrogen Dioxide Sensors**

We are excited to announce that Viamed's already extensive range of sensors now includes the latest **nitric oxide (NO) and nitrogen dioxide (NO₂) gas sensors from City Technology**. This addition ensures that Viamed offers you the most comprehensive selection of high-quality gas sensors available, leveraging cutting-edge technology to deliver exceptional performance and value.

As always, Viamed provides a **quantity discount pricing structure**, with **no minimum order value**, and **free delivery***. Additionally, our **NHS credit facility** is available across our entire range of gas sensors, making it easier and more cost-effective for you to get the sensors you need. We believe this combination of quality, price, delivery, and support offers you an extremely competitive package.

For detailed information on the full range of City Technology gas sensors, including our new nitric oxide and nitrogen dioxide options, please visit our website at **www.viamed.co.uk/gas-sensors**. You can also explore our cross-reference tool at **www.viamed.co.uk/xref** to find compatible sensors and equipment.

Additional Services...

We continue to offer our gas sensor disposal service as part of our commitment to environmental responsibility through our Waste Management Policy. We are happy to dispose of any of your used gas sensors, even those not purchased from us, in accordance with our ISO standards. Please contact us for details on how to return your depleted sensors for proper disposal.

To place an order, or if you cannot find the sensor or equipment you need in our online cross-reference, please contact our sales team at 01535 634542 (Monday to Friday, 09:00 to 17:30) or via email at oxygen-sensors@viamed.co.uk

Yours faithfully

Catrin Hollings
