Post Market Surveillance Review to 21st March 2024 4310064 Flowsensor SpiroTrue D, 3.2m

OEM pack of 20 sets

Bluepoint Medical ref.: **6030131001**

First sold: **15th May 2017**

Total sales to date: **175 packs, sold to:**

**OES Medical Ltd.
ABC House, Cotswold Dene
Standlake Witney OX29 7QG
United Kingdom**

Total failures: **No reported failures or issues**

To 31st July 2022 there has not been any reported failures.

The design, functionality and reliability of the sensor is very good. We do include feedback forms within each box of sensors for end users to be able to easily report possible issues and/or for confirming compatibility. Unfortunately, we get very few feedback forms returned as the customers are happy with the sensors and have nothing to report
