Dear Madam,

### **4000 Series OEM Compatible SpO<sub>2</sub> Sensors**

Viamed is pleased to continually expand its pulse oximetry portfolio; the Viamed **4000 Series** SpO<sub>2</sub> Sensors.

This series includes:

- **Disposable Sensors**; available in Adult, Paediatric, Infant and Neonatal sizes and three tape materials; Micro-Foam, Plaster and Transpore
- **Reusable Adult Finger Sensors**
- **The 3<sup>rd</sup> generation of Soft Sensors**; available in both Adult and Paediatric sizes

The range consists of compatible sensors for most original equipment manufacturers' pulse oximeters and patient monitors including **Nellcor, HP/Philips, Datex, Ohmeda and Nonin** and more...

Please find a copy of our leaflet enclosed. Should you wish to receive a copy of our price list or require any further information regarding any of our OEM compatible sensors, please do not hesitate to contact a member of our sales team.
