## **ISO 9001:2015 Climate Change Considerations**

Dear Sir / Madam

Can you please let me know your thoughts on the following or pass on to your designated QMS colleague.

In relation to our ISO 9001:2015 Quality Management System we are required to determine whether climate change is a relevant issue or not for our suppliers:

Do you consider climate change to determine if there are or not relevant issues that will need to be addressed? **YES**

Does Reevite operate a Quality Management System such as ISO 9001:2015? **YES**

If so, may I request a copy of your certification. See attached.

Again, if you operate a Quality Management System, can you please advise who is the appropriate contact within your company.

**Name:** Chri Webb

**email address:** [chris.webb@reevite.co.uk](mailto:chris.webb@reevite.co.uk)

Has Reevite determined external and internal issues that are relevant to its purpose and that affect its ability to achieve the intended result(s) of its Quality Management System? **YES**

Does Reevite have any relevant requirements? **NO**

Which of these requirements will be addressed through your Quality Management System?

Do you have any existing climate change or environmental policies? If so, may we please have a copy for our QMS files? See attached.

Kind regards

Steve
