Hi Steve,

I am not in the position of being informed enough to answer those questions for you Sir.

Currently, Leon (the company is now just him and I) in Florida teaching.

I won't see him for another 8 to 10 days.

I have CC'd him in this response. However, he may not have time to answer you until he returns.

• **LEON – SEE THE NOTE BELOW WITH SOME QUESTIONS STEVE WOULD LIKE ANSWERED AT YOUR EARLIEST CONVIENIENCE.**

Subject: ISO 9001:2015 Climate Change Considerations - ISC

Ref. SC-I22D Oxygen Sensor

ISO 9001:2015 Climate Change Considerations

Dear Wayne

Can you please let me know your thoughts on the following and pass on to your designated QMS colleague.

In relation to our ISO 9001:2015 Quality Management System we are required to determine whether climate change is a relevant issue or not for our customers:

Does InnerSpace Systems Corp. consider climate change to determine if there are or not relevant issues that will need to be addressed? [YES / NO](#)

Do you operate a Quality Management System such as ISO 9001:2015? [YES / NO](#)

If so, may I request a copy of your certification.

Again, if you operate a Quality Management System, can you please advise who is the appropriate contact within your company.

[Name:](#)

[email address:](#)

Has InnerSpace Systems Corp. determined external and internal issues that are relevant to its purpose and that affect its ability to achieve the intended result(s) of its Quality Management System? [YES / NO](#)

Does InnerSpace Systems Corp. have any relevant requirements? [YES / NO](#)

Which of these requirements will be addressed through your Quality Management System?

Do you have any existing climate change or environmental policies? If so, may we please have a copy for our QMS files?

Kind regards

Steve
