

Dear Olly

Please find pricing proposal 13/07/2012 as discussed with Brian today.

We have extended some special pricing for BASICS as we support BASICS groups across the UK.

We have also included the Nomo filter which is required with all side stream devices

If you have any questions please contact us

VAT is not including in the pricing – as BASICS are a charity we can ZERO rate the VAT if you can provide a charitable trust certificate with your the purchase order.
