Thanks Ned,

Seems I had the Incorrect version of the IFU showing as the latest version in my technical file.

as such can you also supply me the latest copies of the labels for both Bluepoint and Viamed flow sensors,

It may also be worth while sending the latest versions of the H's and the Autoclavable versions IFU's and Labels.

I can then do a full file review and sign it off.

Regards

Derek Lamb  
Viamed.
