

Now for a trip down memory lane...

A few recent events...

Jean and John

It's a long time since you first walked into Viamed only 15 years old. Apart from a small blip (or should I say two of them) you have been a very loyal, trustworthy and hard-working employee. I have no doubt you will find a good employer in Australia. It's a great country, weather, barbecues etc. but it may take some time to appreciate the corks around the hats although as a true Yorkshire lass you will be used to knotted handkerchiefs at the sea side. If Jean ever decides to visit her brother in Perth we may meet up again. Until then go and enjoy it never look back, the future is there for the taking. All the best Jean & John
