

neonatal iv arm boards

IV Arm Boards

- Helps prevent arms from bending during IV procedures
- Flexible padded board is covered with soft vinyl for patient comfort
- Disposable boards require tape to hold in place

Application Instructions:

1. Position the patient's arm so it lies flat on the board, palm facing up.
2. Use tape provided to secure

4200000 **Small:** Infant to 1 year (??mm (L) x ??mm (W))
