

## Sampling Line Kit

REORDER PN: 2013069-001

Rx ONLY U.S. 0459

This sampling kit is intended for use with the GE Medical Systems Information Technologies **CapnoFlex LF CO<sub>2</sub> System** with ventilator and anesthesia circuits that have an integrated airway adapter with a female Luer-Lok® connector.

**Caution:**

Verify that the sampling line kit is intact and undamaged.  
Cleaning and sterilization will compromise system performance.  
Remove sample cell from monitoring system when not in use.  
Do not use on patients that cannot tolerate the removal of 50ml/min from their total minute ventilation.  
Do not position cables or tubing in any manner that may cause entanglement or strangulation.
