March 2015

Dear Sir or Madam,

**Viamed are looking for Veterinary Distributors!**

Please allow me to introduce our company; Viamed is a UK based company that specialises in the development, manufacture and distribution of high quality & portable patient monitors. Our company ethos has always been to provide our customers with high quality products at affordable prices and to support our partners, so they in turn can offer the same to their customers.

We are contacting you because we are currently seeking distribution partners for our new Veterinary SpO<sub>2</sub> and Capnography monitors and your company appears to be very pro-active in this market.

Please find enclosed product literature which I hope you will find of interest. I would appreciate it if you would take a few minutes to review this information and let me know if you would be interested in the prospect of working with us.

I look forward to your response and welcome any questions you may have.

Yours sincerely

Sophie Lines  
Sales Administrator
