SW to contact ~~enter~~ + BP
get back to RS in next few
days.

so list of products + companies
and will then display named
signs.

SW to ask them today

9th April 2015 RS called meeting inc -
SN HC

12:40pm

Re sandi

Draeger flawsensors 10-12k ^{items} a year - \$100,000

SN - 5000 yowords.

don't have details on quantity / time / cost / shipping.

register products this will need to repackage they set up for it.

not problem now. but in future probs.

head charger sachet for laser, ^{this} order

Draeger may do more site visits so could be an issue

Register products ??

they want to organise a site visit blueprint could we put a sign up there cover named. "Blueprint working hard in hand with named"

Need DIL

To get next years tender have to start now.

Insure who would pay for visit

list our products where they are

(Spaz sensors
Capnograph
pulse ox
flow sensors
Jenigan focussing on
at
present

also Oxygen sensors. particularly
- R23 Envtec.

SN who are these people?

ABL - Iso have to visit factory.

if we claim capnographs we have to pay
who will pay - GEC delegation.

RS cost not issue at present.

W I agree.

~~As~~ doing well. tell him

SN yes can put signs up Blueprint/Env
pushed him for cosher.
he will go to Jessica on ash.

assume Draeger flow sensors existing.

They mentioned - not technical so they want to see machines running people working signs up.

SN show piece room could do Envitec could do O₂ sensors + probes.

We could work something out, moving forward.

Don't catch on to issue then SN talks about what question (was)
if find, am switching off when SN talks about why content mostly
RS not worried think water problem.

Flow sensors 2015. ~~\$100k~~
or sensors - 2015 18k ~~\$225~~ \$43.75 over 12 months

Spac sensors - not or disposable - SN price increase

Who gonna do factory visits SN / RS

- SN going to contact them.

SN - other problem Envitec make sensor too

CE cert there too in same site.

RS asked SN about Blueprint + Envitec doesn't do themselves
