## Internal Audit Check List

### HEALTH & SAFETY

|            |                   |                                    |                      |
|------------|-------------------|------------------------------------|----------------------|
| Created:   | 17/May 1995       | Audit No 19                        | VM3/COP 19<br>VOP 16 |
| Revised:   | 13 September 2011 | Last printed 4/30/2007 01:20:00 PM | Page 1 of 1          |
| Audit Date | 15-7-15           | Auditor H LAMB                     | ISO 6.3              |

| QUESTION:                                                                                                                       | RESPONSE:                                | Y/N      |
|---------------------------------------------------------------------------------------------------------------------------------|------------------------------------------|----------|
| Check that personnel are aware of the company's H & S policy.                                                                   |                                          |          |
| Is the policy readily accessible?                                                                                               | annually<br>Intrastats                   | Y<br>N/A |
| Check that new personnel have undergone induction checklist.                                                                    | Built into Intrastats                    | N/A      |
| Verify that existing personnel are still aware of locations for First aid and Fire extinguishers & exit routes.                 | Intrastats message<br>annually           | Y        |
| Check that documentation, data sheets and specs etc. for new products / services equipment are reviewed for H & S implications. | Done as part<br>of PMS product<br>review | Y        |
| Check that personnel know where to retrieve information from the company manual.                                                | Intrastats                               | N/A      |
| Check that the First aid accident book is reviewed and any action required is taken and recorded.                               | #1                                       | Y        |
| Verify that risk assessments are being carried out in a timely manner.                                                          | Intrastats                               | N/A      |
| Check that the report produced details all corrective actions required.                                                         | # 60908<br>#2                            | Y        |
| Verify that the corrective actions are completed on time.                                                                       | "<br>#2                                  |          |
| Check that a COSHH data sheet accompanies all relevant products purchased.                                                      | # 60909<br>#3                            |          |
| Verify that these sheets are filed accordingly                                                                                  | Per file                                 | Y        |
| Verify that any hazardous products are safely contained in storage                                                              |                                          | Y        |
