

Dear Sirs,

With regard to the recent request to supply information relating to Quotation of Goods we manufacture and are Destined for the Export Market,  
Currently we have no direct means of measuring such a Figure.  
Home Grown UK quotations are logged on a computer system, however most Export Quotations are done via email individually and are not currently logged due to the low amounts involved.

Sales Invoices on the other hand are Logged and statistics can be pulled out

Regards

Derek Lamb  
Viamed Ltd.
