Hi Catrin,

I have found a supplier who can supply more of the required products at a similar price point, so at this point I'm unlikely to progress to any orders.

Thanks for all your support with this, and should things change, I will be sure to come back to you.

Kind regards

Mark

Hi Mark,

I hope you are well and that you managed to enjoy some time off over Easter.

I just wanted to follow up regarding the product requirements we discussed and the spreadsheet previously sent over containing the compatible options, references, and pricing for the items identified.

We remain very happy to support you with these products and can assist further with any of the accessories discussed. Should you still be considering these items, I would be grateful if you could let me know whether there has been any progress on your requirements.
